## CAREER OBJECT

---

To be able to work for an encouraging and stable company that will assist me in developing, improving, and obtaining the necessary skills in order to become the best engineer possible.

## PERSONAL PROJECT

---

- **Store Valley:** It's an E-Commerce site. I developed this using **Reactjs and Nodejs**. This is an online store Website. Where users can buy products. Also, this website has an admin section. Admin can create a product also delete a product from UI.
